the Authorized Body has reviewed documents submitted by the manufacturer, performed the initial type-testing of the product sample, performed the initial inspection of manufacturing plant, assessed factory production control and has stated, that

- this product fulfils the requirements derived from related essential requirements given in the above mentioned Government Decree and detailed in the standards:
ČSN EN 124-1:2017 Gully tops and manhole tops for vehicular and pedestrian areas - Part 1: Definitions, classification, general principles of design, performance requirements and test methods
ČSN EN 124-3:2017 Gully tops and manhole tops for vehicular and pedestrian areas - Part 3: Gully tops and manhole tops made of steel or aluminium alloys
ČSN EN 124-4:2017 Gully tops and manhole tops for vehicular and pedestrian areas - Part 3: Gully tops and manhole tops made of steel reinforced concrete
- the factory production control complies with technical documentation and ensures that products put on the market meet the requirements laid down in the above mentioned standards and comply with relevant technical documentation according to Article 4 Clause 3 of the above mentioned Government Decree.

The certificate has 1 annex (5 pages) which is an integral part of the certificate. The Product Certification Report No. 060-045478 of 14.8.2017 and Surveillance Report No. 060-056740 of 4.10.2023 containing the conclusion of the findings, assessments, test results and description (eventually sketch) of the product necessary for its identification are to be considered as an integral part of this certificate.

This certificate was first issued on 14.8.2017 and remains valid as long as the requirements given in the designated standards referred to hereinabove or the manufacturing conditions in the factory or the factory production control itself are not modified significantly, unless suspended or withdrawn by the Authorized Body.

The Authorized Body performs at least once a 12 months the surveillance of proper function of the factory production control at the manufacturer and assesses whether the characteristics of the product comply with the standards according to Article 5a Clause 2 of the above mentioned Government Decree. The Authorized Body shall issue a report on the evaluation of surveillance and forwards it to the manufacturer.
